STORY OF A BASH-

FUL MAN AND A DEMURE MAIDEN

That Begins Back East and Ends
Here—Generous Uncle Bill
Gives Timely Advice to
His Newly Married
Niece.

In a remote hamlet back east lived a demure maiden and a bashful man, who had for some years been living with but one and the same object before them. Both were hopeless victims of "love microbes," that were doing the most effectual work under the direction of Cupid himself.

Finally Harry suddenly woke up one day and decided that procrastination was the thief of time and bliss—and he immediately set about to bring matters to a focus. Very soon there was a wedding, and it wasn't much longer before their uncle Bill Taylor, of Paris, wrote effusively of what he termed "grit" and proposed that if they would locate here, he would start them up in life. Very soon they began to bid loved ones adieu and were soon speeding in this direction.

When the train pulled in, generous Uncle Bill was at the depot to greet them and welcome a much elated couple, and after hearty congratulation, he conducted them straightway to the Windsor.

It was at breakfast the next morning while partaking of a tempting menu that was being politely served, that Uncle Bill first unfolded his plans to the appreciative newcomers obligating himself, first of all to build and furnish for them a modern home. "But in the meantime," he said "you will find this hotel a pleasant and agreeable place to live, since it is widely known as our best appointed and a most zealously managed hotel and a favorite with the "Knights of the Grip" under the good management of Evans W. Floyd who personally looks after the welfare of those under its roof.

"Come," said the generous uncle,

RELIGIOUS.

—The General Association of Kentucky Baptists is in session at Paducah.

—Rev. E. G. B. Mann, of Lexington, is holding a meeting at Mt. Carmel church.

—Rev. J. M. Maxon will be in his pulpit at the Episcopal church Sunday morning at 10:45 and afternoon at 4 o'clock.

Will Return to Bourbon.

Mr. Jos Houston, who for the past year has resided in Clark county, has rented of Mr. James McClure his farm on the Cynthiana pike, in this county. Possession will be given March 1, 1912.

Royal Arch Degree Conferred.

The Royal Arch Degree in Masonry was conferred upon Elder Carey E. Morgan, Messrs. Harry Collins and Harry Baldwin, of this city, and Ollie Snapp, of Nicholas county, at the Masonic Hall Tuesday night.

Pay Car.

The L. & N. pay car made its monthly visit to Paris yesterday gladdening the hearts of its employees by distributing among them a considerable sum in money in salaries.

Farmer Dies Suddenly.

M. Demillion, L. Robbins, aged 54 years, a highly respected farmer of the Little Rock vicinity died of heart trouble at his home about half past ten o'clock Tuesday night.

Mr. Robbins had not been well for about two weeks, though the members of his family were not at all apprehensive as to his condition and his death was unexpected and sudden.

He was a native of Bourbon county, as were his father, Laban T. Robbins, and his mother, who before her marriage was Miss Nancy Piper.

His daughter, Miss Mabel Robbins, who is County School Superintendent, resides in Paris with Mrs. G. W. Ellis on Cypress street. She was greatly shocked by the news of her father's death and left immediately for her home.

Mr. Robbins is survived by his wife, who was Miss Mary Gitson, to whom he had been married about thirty-three years, and seven children, Messrs. Jas. L., of North Middletown, Carl., of the Winchester Daily News, Thurman and Brann Robbins and Misses Nannie Belle, Mabel and Willie Robbins.

The funeral was held at the family residence yesterday morning at 10 o'clock. Services conducted by Elder L. H. Reynolds, with Masonic funeral rites at the grave in the North Middletown cemetery.

The pall-bearers were Messrs. W. F. Bryan, J. E. Boardman, J. D. Turley, T. H. Reid, J. C. Bryan and J. B. Gray.

-BLOODINE-
Will Help You
To Regain Your Strength
and Energy.

Report of the Head Physician to a Leading New York Hospital on the Cure of Catarrh.

"A few years ago we considered that we were doing well if we cured ten per cent. of the cases of catarrh brought to us, but since the introduction of 'Bloodine' into our hospital we cure more than 90 per cent. of all the cases of Catarrh in its various forms brought to us. Catarrh of the Head, Catarrh of the Eyes, Catarrh of the Bladder and Urethra, Catarrh of the large Intestines, Catarrh of the Throat, and Catarrh of the Stomach are quickly cured with 'Bloodine.' It builds new tissues, gives new energy, new life, new blood and strength to any part of the body attacked by the Catarrhal germs."

Bloodine is a powerful tonic, nourishing food medicine, composed of valuable tonic stimulants obtained from vegetable drugs. "Bloodine" contains no narcotics or other dangerous drugs which merely deaden pain temporarily, but give no permanent relief or cure the cause of your disease. "Bloodine" is a powerful body builder and blood maker; it is the best remedy known to the medical profession to enrich thin, watery blood and supply new, rich red blood to the whole body.

FREE—To prove the wonderful merits of BLOODINE we will mail a large sample bottle for 10 cents in silver or stamps for postage.

Governor's Thanksgiving Proclamation.

* Governor Wilson Tuesday issued the following Thanksgiving proclamation: "By the custom of our father all of the years since sixteen hundred and thirty-nine, and following the proclamation of the President of the United States, I appoint and set aside Thursday, the 30th day of November, 1911, as a day of thanksgiving to our God for His bounty and his blessings. Our country has been spared the trials of war and the burdens of sorrow and suffering. We have enjoyed the blessings of peace and of a high degree of happiness and generous gifts.

"No civil disorders have brought sorrow or shame to our Commonwealth. We have kept the covenant of the law with each other and with our Maker. We have maintained peace, neighborly good will and friendship throughout the boundaries of the Commonwealth without reproach. We have enjoyed the blessing of liberty and complete freedom under the law. The public peace and the fair name of the state have not been marred by feuds or lawless bands. Our people have worked together with mutual good will and honest respect for each other's opinions, faith and feelings, as they never did before.

"The solid foundation of safe government laid by our fathers has upheld our institutions and fulfilled the just expectations of our forefathers. Our crops have given rich returns for the labor of the farmer. Our factories have produced a great output. All our business interests have prospered, and for all these gifts and blessings to our country and old Kentucky, I call upon our people to gather in their homes and churches and render praise and thanks to our Lord.

"Given under my hand and the seal of the state at the capitol at Frankfort this 13th day of November 1911, and of the independence of the United States 136th

"AUGUSTUS E. WILLSON,
"Governor of Kentucky."

Is the World Growing Better?

Many things go to prove that it is. The way thousands are tending to help others is proof. Among them is Mrs. W. W. Gould, of Pittsfield, N. H. Finding good health by taking Electric Bitters she now advises other sufferers everywhere to take them. "For years I suffered with stomach and kidney trouble," she writes. "Every medicine I used failed till I took Electric Bitters. But this great remedy helped me wonderfully." They'll help any woman. They are the best tonic and liver and kidney remedy that's made. Try them. You'll see. 50c at Oberdorfer's.

Pulitzer's Will.

The will of Joseph Pulitzer, the New York newspaper man was probated in New York a few days ago. The will provides for an additional gift of one million dollars for the establishment of a school of journalism at Columbia University under certain conditions and many unusual prizes and scholarships. The newspaper properties except one-tenth are given to his sons in trust. The other tenth is to be held in trust for deserving employees.

Foot Rot Affects Sheep Raising.

There were 597,921 sheep and lambs shipped out of the state of Kentucky from May 1 to October 31, which included the bulk of the lamb crop for the year according to the report of Dr. A. J. Payne to the Live Stock Sanitary Board.

Dr. Payne reported that the most serious question confronting the sheep growers of this state is that of the leg and ill preservation, or old fashioned foot rot. An inspection of 47 herds shows that 2,247 head were badly infected in 19 cures.

It will only be a short time until the major portion of this state is released from the quarantine affecting sheep, as Dr. Payne reports that the year's work is practically completed in 98 counties of the state. Up to November 1 there have been 731,647 inspections of sheep, 43,000 of which have been found to be infected with scabies and all have been dipped.

The present time the counties of Harlan, Knott, Leslie, Letcher, Martin, Perry, Pike, Laurel, Clay and Knox are not co-operating with the Government officials, and war in these counties has hardly been started. There are 36,253 sheep in those counties.

CAUSE FOR ALARM.

Loss of Appetite or Distress
After Eating a Symptom
That Should Not Be
Disregarded.

Appetite is just a natural desire for food. Loss of appetite or stomach distress after eating indicate indigestion or dyspepsia. Over eating is a habit very dangerous to a person's general health.

It is not what you eat but what you digest and assimilate that does you good. Some of the strongest, heaviest and healthiest persons are moderate eaters.

There is nothing that will cause more trouble than a disordered stomach, and many people daily contract serious maladies simply through disregard or abuse of the stomach.

We urge all in Paris who suffer from any stomach derangement, indigestion or dyspepsia, whether acute or chronic, to try Rexall Dyspepsia Tablets, with the distinct understanding that we will refund their money without question or formality, if after reasonable use of this medicine, they are not perfectly satisfied with the results. We recommend them to our customers every day, and have yet to hear of any one who has not been benefited by them. We honestly believe them to be without equal. They give very prompt relief, aiding to neutralize the gastric juices, strengthen the digestive organs, to regulate the bowels, and thus to promote perfect nutrition, and eradicate all unhealthy symptoms.

We urge you to try a 25 cent box of Rexall Dyspepsia Tablets, which gives 15 days treatment. At the end of that time, your money will be returned to you if you are not satisfied. Of course, in chronic cases length of treatment varies. For such cases we have two larger sizes, which sell for 50 cents and \$1. Remember, you can obtain Rexall Remedies in this community only at our store—The Rexall Store, G. S. Varden & Son.

Convicts Rival for Presidency.

Henry Youtsey, serving a Life sentence for killing Governor William Goebel, and Curtis Jett, also serving a life sentence for killing Jim Cockrell and J. B. Marcum, both in the Kentucky pen, are rival candidates for the presidency of the Christian Endeavor Society within the prison.

Heretofore politics has not entered into the races for the offices of the religious societies, but this year Youtsey has the backing of the Republicans and disgruntled Democrats and Jett the support of the Democrats and progressive Republicans.

Youtsey and Jett were rival candidates last year and after the election Jett applied to Warden Mudd for a contest. Every precaution is being made for a fair election.

THEATRICAL.

Dante's "Inferno" which will appear at the Grand in this city on November 29 and 30, with a matinee on Thanksgiving day, is running this week at the Opera House in Lexington. Of the production the Lexington Herald says:

"The entertainment is an animated film reproduction of the divine comedy, the masterpiece left by the melancholy Italian poet as his literary monument to all the ages. It is hardly necessary to attempt anything like a detailed account of the inspiration of the poem or what it contains, as it is so well known and so unique in its contents as to make the one unnecessary and the other all but impossible. It is sufficient to say that the company which produced the film not only perfected an undertaking that was stupendous and overcame obstacles that seemed insurmountable, but expended a fortune in the enterprise.

"The film tells the story with wonderful fidelity to the lines and impresses the poem upon the audience with all the spectacular horror of the daring stretch of imagination that has made Dante immortal.

"The scenes, from the time the sainted Beatrice appears to Dante dead in the raiments of light till the poet and his trusted guide, Virgil, emerge and again "behold the stars," takes the beholder through what Dante imagined was the realm of eternal punishment and its horrors are as thrilling as the depiction is spectacular.

"The experience of the beholder as he takes the unique excursion through Hades, if taken to heart and to serious contemplation, will either render him a man or a saint, because if he is hopelessly unregenerated the forecast of his future is filled with horror exquisite enough to unbalance, whereas if he be a sinner who can be reclaimed he will probably set about it for fear of the desperate consequences."

Strong Healthy Women

If a woman is strong and healthy in a womanly way, motherhood means to her but little suffering. The trouble lies in the fact that the many women suffer from weakness and disease of the distinctly feminine organism and are unfitted for motherhood. This can be remedied.

Dr. Pierce's Favorite Prescription

Cures the weaknesses and disorders of women. It acts directly on the delicate and important organs concerned in motherhood, making them healthy, strong, vigorous, virile and elastic.

"Favorite Prescription" banishes the indispositions of the period of expectancy and makes baby's advent easy and almost painless. It quickens and vitalizes the feminine organs, and insures a healthy and robust baby. Thousands of women have testified to its marvelous merits.

It Makes Weak Women Strong. It Makes Sick Women Well. Honest druggists do not offer substitutes, and urge them upon you as "just as good." Accept no secret nostrum in place of this non-secret remedy. It contains not a drop of alcohol and not a grain of habit-forming or injurious drugs. Is a pure glyceric extract of healing, native American roots.

W. C. HESTER

STORY OF A BASHFUL MAN AND A DEMURE MAIDEN

(Continued From Page 1)

"rising from the breakfast table, the pleasure is now mine to introduce you to our town, your future home. Then, too, I want to arrange to build the new house right away. And of course, it is important that we select a pleasant and healthful location, where we may have agreeable environments about us." Uncle Bill was soon astride and the young people were eager and beaming with expectancy. "First we will go in and confer with Harris & Speakes, our well informed and wide awake real estate dealers here, where is always listed the best residence and business properties in town, or in the country about, who will honestly represent same." Just a little later the trio were courteously received at the office and it wasn't long before Harris & Speakes had a check for an attractive residence site, on which Uncle Bill will at once have erected a handsome residence.

"Now I am at sea," said Uncle Bill. "It beats all how houses are built these days, considering the way they built them fifty years ago. Why, the modern houses of today have conveniences and comforts that one of my time never dreamed of. But I know who can help us out of this dilemma," said he, suddenly remembering George Erion as a man of original ideas and good taste in practical architecture and also as being actively associated with the building interest here. George Erion very soon had the plans ready for a pretentious \$5,000 residence for the bride. It is a renaissance of Corinthian effect, symmetrical in appearance and commodious to a degree in its interior arrangement, and is just what the bride had longed for. The construction of which will at once be begun.

"Good lumber and good material go hand in hand with good workmanship when it comes to building a good house," said Uncle Bill, "for much depends upon the quality of the millwork used in obtaining a pretty finished effect. Now about the lumber, millwork and sundry requisites coming under this heading. I am going to see the Stivers Lumber Company, our live and best exponent of lumber and building material here. The yards, sheds and ware rooms are always filled with rough and dressed lumber of all dimensions, and the manifold items in building material, adequate to meet the demands of the exacting public." It is needless to say that the Stivers Lumber Company did furnish the bill of lumber and every item for the whole job. Uncle Bill remarked that he found these people very prompt and agreeable to do business with.

"About plumbing," remarked Uncle Bill, "we can't use too much care, for good health and many comforts are dependent upon sanitary plumbing and scientific ventilation and heating; and when coupled with the use of porcelain bath tubs, good sinks, and handsome and appropriate fixtures to say nothing of the convenience, they combine a pleasing interior finish which is most desirable. Now to avoid encountering any trouble in after years I am going to have John J. Connolly execute the plumbing and heating contracts, said Uncle Bill. Then we can expect a square deal, for this is the kind of reputation that John J. Connolly has won with a cognizant public for doing things.

"It is the task of the painter and decorator too that counts very much in obtaining artistic and harmonious results," chipped in the bride. For," said she, "it is the painting and decorating when executed by capable artisans that augments the attractiveness of both the exterior and the interior of the house, rendering it pleasant and inviting."

"Then," interrupted Uncle Bill, "I'll take no chances on botchery, but I'll see Daugherty about these. They are artists with the brush, employing all the time competent men who wield the brush with dexterity, and if we give the painting, contract and decorating to the Daugherty's we can rest assured of getting good workmanship and a well finished house, painted and decorated in ship-shape and on time too, at a reasonable cost."

In my earlier days remarked Uncle Bill, the practical use of electricity was unknown; it did not enter into the construction of a building at all, but it is different today, the conveniences that it affords are manifold. Now about the electrical equipment for our new house: I am going to see G. A. Hill & Bro., who will wire the house, install the fixtures put on the door bells and give us chandeliers and fixtures exquisite in taste and appropriateness and do everything right. I expect Hettie will want electric curling irons and flat irons too. G. A. Hill & Bro. do everything electrical and is equipped for subserving the best and interest of the people as an

WOMAN FINDS NEGRO BURGLAR UNDER BED

Intruder Took a Snooze and His Snoring Awakened Occupant of the Room.

Memphis, Tenn.—Awakened at 3 o'clock in the morning by loud and prolonged snoring coming from under her bed, Miss Frances King retained her presence of mind when she discovered an armed burglar under her bed. She crept out of the room and

Burglar Under the Bed.

quietly called the next door neighbors.

She stood guard with a feather duster until J. M. Prescott and J. A. and Dolan Atwell, with revolvers, ran to the scene. Grabbing the negro by the feet they pulled him from under the bed. He gave a big yawn and then tried to flourish his revolver, but was quickly subdued. He was taken to the police station. The negro stated that he had entered the house and concealed himself, intending to "get busy" after the household was asleep; but he fell asleep himself.

FAINTS AT SIGHT OF HIMSELF

Hermit, After 40 Years, Sees Face in Mirror, Then Beats It to Barber Shop.

Pittsburg, Pa.—For the first time since 1870 Jacob Steinman, a hermit living back of Reserve township, saw himself a few days ago in a mirror. He immediately fainted and when revived hustled to a barber shop and got a shave, an experience he had not had in forty years.

For the first time since he was a young man Steinman came to town and visited his cousin, Mrs. Sarah McCune, in Perrysville avenue. It was there by accident that he glanced into the mirror. "Great Scott!" he exclaimed, and toppled over. When revived he remarked: "What a great

change has come over me since I saw myself in a fishing pond just forty years ago." Then he seized his hat and ran to the nearest barber shop, where he was shorn of his beard, which was three feet long.

SHE POSED AS A "MAN"

Successful Disguise Penetrated After 49 Years When Woman Is Ordered to Asylum.

Lebanon, Ore.—Only after she had been ordered committed to the state insane asylum by the Linn county court was the discovery made that Ray Leonard, sixty-two years old, an old resident of Lebanon, has for forty-nine years been masquerading as a man. During this time it had never been suspected by the woman's friends that she was not a man.

Leonard went to Lebanon in 1839 with his or her father, saying that they were from Maine. Both worked as shoemakers, and when the father died eight years ago Ray continued the shop alone.

Several eccentricities were noted in Ray Leonard. One of these was that "he" never went out of the shop, day or night, except for meals, and "he" always refused to vote at elections. Ray Leonard talked and walked like a man, smoked a pipe and chewed tobacco.

Childish Beliefs.

Yes, children believe plenty of queer things. I suppose all of you have had the pocketbook fever when you were little. What do I mean? Why, ripping up old pocketbooks in the firm belief that bank bills to an immense amount were hidden in them. So, too, you must all remember some splendid unfulfilled promise of somebody or other, which fed you with hopes perhaps for years, and which left a blank in your life which nothing has ever filled up.—Holmes.

CATARRRH!

Cured by the Marvel of the Century, B. B. B.—Tested for 30 Years.

Hawking, spitting, foul breath, discharges of yellow matter permanently cured with pure botanical ingredients. To prove it we will send you a **SAMPLE TREATMENT FREE**.

Catarrh is not only dangerous but it causes ulcerations, death and decay of bones, kills ambition, often causes loss of appetite, and reaches to general debility, idiotic and insanity. It needs attention at once. Cure it by taking Botanic Blood Balm (B. B. B.) It is a quick, radical, permanent cure because it rids the system of the poison germs that cause catarrh. At the same time Blood Balm (B. B. B.) purifies the blood, does away with every symptom of catarrh. B. B. B. sends a tingling flood of warm, rich, pure blood direct to the paralyzed nerves, and parts affected by catarrhal poison, giving warmth and strength just where it is needed, and in this way making a perfect, lasting cure of catarrh in all its forms. Druggists or by express, \$1 per large bottle, with directions for home cure. Samples sent free by writing Blood Balm Co., Atlanta, Ga. Describe your trouble and free medical advice given. CAUSE AND REMEDY.

Uncertainty of the immediate future is looked upon by many men of affairs, as a blockade to enterprise and business prosperity, and this blockade is now quite apparent throughout the channels of trade.

The Presidential Election; the efforts of Congress with no fixed purpose; Organized Labor as a new factor in politics; together with other matters of greater or less import, represent at this time a chaotic conflict of separate interests, to harmonize which is now the problem before the country.

All want Prosperity, Peace and Plenty. Read with care the Cincinnati Enquirer, a journal that prints all the news each day from every commercial center throughout the world. A barometer of causes and effects that points out, as a Beacon Light, the danger and the safeguard therefrom.

As well known, the Daily Enquirer is the largest in size and highest priced paper in the United States, yet cheapest, measured by quality and quantity.

The Weekly Enquirer, with the cream and digest of all the news, able and conservative editorials, market reports, methods and results from Government and State Experiment Stations, veterinary matters, People's Forum, choice literature, short and continued stories, non-sectarian sermons, general information, etc., with the exclusion of all matters of scandal and immorality, is today the Cleanest Weekly Family Journal obtainable. Each issue is alone worth the price of a year's subscription.

Solicitors for subscriptions make a handsome profit and increase the good influence of The Enquirer in the uplift of morality and industry, and for the betterment and welfare of the community. For terms write to The Enquirer, Cincinnati, Ohio.

Blood Was Wrong

All women, who suffer from the aches and pains, due to female ailments, are urged to try Cardui, the reliable, scientific, tonic remedy, for women. Cardui acts promptly, yet gently, and without bad effects, on the womanly system, relieving pain, building up strength, regulating the system, and toning up the nerves. During the past half century, thousands of ladies have written to tell of the quick curative results they obtained, from the use of this well-known medicine.

TAKE CARDUI The Woman's Tonic

Mrs. Jane Calhoun suffered from womanly trouble for nearly ten years. In a letter from Whiteville, N. C., she says: "I was not able to do my own housework. My stomach was weak, and my blood was wrong. I had backache, and was very weak. I tried several doctors, but they did me no good. I used Cardui for 3 or 4 months, and now I am in the best health I have ever been. I can never praise Cardui enough." It is the best tonic, for women.

Whether seriously sick, or simply weak, try Cardui.

STORY OF A BASHFUL MAN AND A DEMURE MAIDEN

(Continued from Page 3)

electrical engineer and contractor, and also as a dealer in electrical supplies and fixtures in the most unique and classy designs and effects.

Well it is up to me to furnish your new residence, remarked Uncle Bill, and it shall be furnished in just as good taste and as completely as your good judgment and taste will permit or dictate. How grand, she exclaimed, beaming with joy and expectancy. Uncle Bill then bade the young couple come with him to J. T. Hinton's where we got our wall paper and those nice hardwood mantels some days ago. He is our live exponent of furniture and well informed house furnisher, where is handled everything that is smart, useful and dainty, needed to fit out the cottage or mansion on whatever scale desired. The trio were politely received at the store, where after conferring with the conversant and assiduous salesman, Hettie soon selected some exquisite furniture for her parlor, her living room and bed rooms as well as dining room and kitchen furniture, and carpets, rugs, matings, and also a Bohn Siphon refrigerator. Her purchases, in fact, included all essential requisites. Hence the progressive J. T. Hinton got the order to fit out the house from top to bottom at a big saving to Uncle Bill.

Yes, I did promise you a nice watch and silver service, quoth Uncle Bill to the bride as they were emerging from the furniture store. Then he directed them to Shire & Fithian's where he soon acquitted himself of the obligation, adding to the above a handsome clock and some exquisite articles of cut glass ware. Hettie evinced real pleasure and delight at the thought of so many useful, dainty and essential articles for her new home. This jewelry house, remarked Uncle Bill, as they again entered the street, always shows artistic and seasonable wares and has the distinction with its wide acquaintanceship, of being a most reliable and well appointed jewelry establishment. Shire & Fithian never hold out false lights to make a sale either, they will engrave your monogram on the watch free of charge, an expert repairer and engraver is employed all the time.

I understand you are an accomplished musician, said Uncle Bill to the bride. Hettie finally admitted that she played the piano. That's good, said Uncle Bill. Every home that has music in it is the happier, nothing affords more real pleasure or entertainment than does good music. Yes, Uncle I want a Baldwin piano in my parlor. Most of my friends back East have it. It is exquisite in tone and volume and a beautiful instrument. Your wish shall be granted, said Uncle Bill. The Baldwin piano is handled here by our well known musical dealer, Morehead Piano Co., who carries a full line of pianos and organs and musical merchandise and strings for all instruments, and whose dealings are always pleasant and business like, said Uncle Bill. Sure enough Albert H. Morehead sold Hettie her chosen piano.

There is just one thing that is indispensable to furnishing my new home complete, modestly suggested Hettie. What's that, asked Uncle Bill promptly, who thought he had gotten everything. A sewing machine, a Singer, said Hettie. Yes, that's a fact, but we'll fix that very soon with J. E. Dehart, the alert and wide awake city and district manager for the Singer Company here and he is an agreeable and reliable fellow to deal with too. I hear the Singer machine is used in over 75 per cent of the homes of the civilized world. It is a favorite with all intelligent housewives because of its simplicity and beauty and marvelous accomplishments in either plain or fancy sewing. Come with me to the office of the Singer Company said Uncle Bill, I'll pay for the latest model, and he did.

Bye the bye, remarked Uncle Bill, as they reached the street. I must go over to the First National Bank and get another check book, come along with me and meet the cashier and the president as this is the bank for you to open an account with, and it is proper for you to be introduced by someone well known to the bank. I mention the First National Bank because the management is agreeable to do business with and will extend to you at any time any courtesy compatible with sound banking rules. Then too, it is officered by conservative men with unquestioned integrity that are at all times alert to our town's best interests. The bank has ample resources aggregating \$600,000 and does a general banking business in the truest sense of the term rendering to the trade and to commercial interests as well as to its individual clientele, a most satisfactory banking service in every way and I may add it is an institution in which our citizens feel a just pride.

And, said Uncle Bill with evident seriousness, since we have spent all this money in building and furnishing a

new house, it would be a grave oversight for us to delay the matter of insurance. I think while we are here we had better talk to McClure & Clendenin about the insurance, who will relieve us of all apprehension and suspense, who represent many of the best and staunchest fire, tornado and life insurance companies in the world, from which we may choose McClure & Clendenin, are alert and wide awake underwriters who yearly write a large volume of business in the respective branches of insurance from which we may judge that every policy holder has been dealt with in a fair and liberal way in the adjustment of all honest claims.

Before the trio left they wrote a policy covering the new house and a policy for \$3,000 on Harry's life in the Northwestern Mutual Life Insurance Company of Milwaukee, Wis.

Baby Falls in Fire.

Margaret, the eighteen-months-old daughter of Mr. and Mrs. Horace Sprake, suffered severe burns Wednesday afternoon by falling upon an open grate at the home of its parents on Fifth street. The child was left alone while the mother stepped into an adjoining room and is believed to have been playing in the fire with a dust broom. Mrs. Sprake was attracted by the child's screams and rushing in found its clothing burning. With rare presence of mind she extinguished the blaze and summoned Dr. J. T. Vansant, who dressed the child's injuries. The right arm and right side of the face were blistered and for a time it was feared she had inhaled the flames. While the injuries are painful the condition of the child is not regarded as serious.

Hunters Busy.

The game laws were out Wednesday and nimrods all over the country were out at the early dawn. A number of Bourbon county citizens left for the fields the first day. Quail is said to be plentiful in the hill counties, and those localities are the hunters' mecca. Birds are scarce in this county and the fact that there are very few farms on which hunting is permitted, makes it all the more necessary for sportsmen to hike for other fields.

Go Hunting Prepared.

Prepare yourself for the hunting season with a pair of those superior hunting shoes the "Triumph Elk," we sell them in Paris. They are absolutely waterproof and are conceded to be the best made.

Last Day for Filing Suits.

Today is the last day for filing suits in the Bourbon Circuit Court for the November term. Court will convene in this city on November 27, with Judge Robt. L. Stout presiding.

Elder Morgan Accepts Nashville Call.

Elder Carey E. Morgan, pastor of the Paris Christian church, yesterday morning tendered his resignation to the Board of Officers of the church to accept the call from the Vine Street Christian church at Nashville, Tenn., which he has had under consideration for some time.

The announcement that Elder Morgan had resigned his pastorate was received with universal regret by the congregation as well as the public in general as it was understood that the call to the Nashville church, which was received several weeks ago had been declined and that he would remain in Paris.

Elder Morgan yesterday morning handed his resignation to the Board of Officers of the church, but no action has been taken and the matter will not come up until the next meeting of that body, when it is probable his resignation will be accepted and his successor named.

The Paris church has been in charge of Elder Morgan for nine years and under his careful direction has shown a remarkable growth as a reward for his earnest and untiring efforts.

The church in Nashville to which he has been called is the largest in that city. Elder Morgan will remain in charge of the Paris church until arrangements can be made to supply the vacancy made by his resignation and it is probable it will be two or three months before going to his new charge.

Narrow Escape from Suffocation

Mr. J. Frank Clay a prominent farmer, residing on the Winchester pike, about four miles from Paris, and Frank Brooks, colored, had a narrow escape from death early yesterday morning when the flooring of a barn upon which was stored a large quantity of cotton seed meal, and which they were moving, collapsed, precipitating the two men to the ground a distance of about ten feet, and completely covering them.

The accident happened shortly before seven o'clock. Mr. Clay and Brooks had gone to the barn to move the cotton seed meal, which was being used to feed stock and were employed in this labor when the floor gave way. It is supposed the joist had become weakened by reason of their being worn eaten and the combined weight of the men and the feed was more than it could bear.

Mr. Clay and Brooks were buried beneath the meal a distance of several feet and the fact that they were not suffocated before assistance arrived is almost miraculous. In the barn a few minutes before the accident occurred was Harry B. Clay, Jr., the little four year old son of Mr. and Mrs. Clay. Mr. Clay had not noticed his leaving and was apprehensive as to his safety.

A colored man employed on the farm was the first to give the alarm, as he happened to be passing the barn when the floor fell. He immediately informed Mrs. Clay who telephoned to town to Mr. W. W. Mitchell, who with several men made a quick trip to the farm in an automobile. In the meantime, the negro who first gave the alarm had informed Mr. Brooks Clay, who was some distance away, and with several men he was working in a field, went to the assistance of the imprisoned men, succeeding in extricating them before Mr. Mitchell arrived.

Mr. Clay was considerably bruised about the body by falling timbers, but aside from this is none the worse off from his experience. Brooks suffered similar injuries.

Leg Broken.

Adam Coleman, colored, an employee at the L. & N. round house in the South yards, was struck by a yard engine Wednesday evening about six o'clock, and besides being considerably bruised about the body suffered a fracture of the left leg between the knee and ankle. He was making an effort to get out of the way of an incoming freight and stepped in front of the yard engine. His injuries received attention and he was removed to his home on Cypress street. Coleman was formerly employed as janitor in the Agricultural Bank Building.

HANDY RACK FOR SEED CORN

Pigeon Hole Is Provided for Every
Ear and Is Easy to Make—
Mice Are Kept Off.

A handy type of rack for storing
seed corn, which is very simple in
construction, is shown in the illustration, says the Farm and Home. It
may be made any size, but one that is
seven feet high and four feet wide is
very convenient. The frame is made
of inch boards 12 inches wide, and at
intervals of three inches two laths are
placed crosswise and wires are strung

Handy Corn Rack.

2 3/4 inches apart, running from top
to bottom. This makes an ideal pigeon
hole for each ear. Two cross
wires are run through the center
around the lath, as shown, to prevent
them from sagging. Each division can
be numbered so that individual tests
can be made of every ear.

LARGE WHEELS ON TRACTOR

Largest of Their Kind Manufactured
by English Firm for Experi-
mental Purposes.

The largest wheels ever used on an
agricultural traction engine were built
by a firm in Leeds, England, for ex-
perimental purposes, says the Popular
Mechanics. The giant wheels are 12

One of Large Wheels.

feet in diameter, with a bearing sur-
face 18 inches wide. The wheels were
designed for use on soft soil.

Cottonseed Meal.

If cottonseed meal costs delivered
\$35 a ton, each pound of digestible
protein will cost less than 4 1/2 cents.
If corn is worth \$25 a ton, each pound
of protein will cost about 16 cents a
pound. In other words, a pound of
protein in corn will cost nearly four
times as much as a pound of protein
in cottonseed meal. This clearly
shows that the dairy farmer will lose
money if he purchases corn to feed
his cows, providing, of course, that
cottonseed meal is available. But if
cottonseed meal is not available other
feeding stuffs can be had. The buyer
of grain feeds should consider his
purchase in this light.

Marketing Vegetables.

The successful marketing of vege-
tables, beyond doubt, is the most se-
rious question of all for commercial
growers. In many instances it is ap-
parently impossible to make ship-
ments to the city and realize a fair
profit. This condition is due to high
freight or express charges, unscrupu-
lous dealers and too many middle-
men. There is too much difference be-
tween the price received by the pro-
ducer and that paid by the consumer,
and this is the primary cause of the
high cost of living in the large cities.

Winter Feed for Geese.

I never feed any special green feed
except cabbage to my breeding geese
during the winter. But I raise field
corn and feed that, allowing the geese
the range except when there is snow
on the ground, says a writer in an ex-
change. I have tried various feeds,
but never have found any advantage
over corn. The pasture is, of course,
best of all for geese, since the birds
will care for themselves.

Profit in Alfalfa.

One middle west seed company pur-
chased recently 700 bushels of alfalfa
seed. The seed, uncleaned, sold for
\$8.50 the bushel, and was sold by Steven
Heel of Shawnee, Okla., who re-
ceived \$5,950 for the 700 bushels.

Prevent Washing of Soils.

On hilly lands great difficulty is ex-
perienced in preventing washing by
heavy fall and winter rains. The use
of cover crops, therefore, becomes im-
perative on such lands if clean cul-
ture is to be practiced in the summer.

Size of Farms.

Our farms are decreasing in size,
the average number of acres in farms
having decreased from 145 in 1900 to
125 in 1910.

Ingenuous Little Invention.

Some college girls invented an in-
genuous apparatus for boiling a ket-
tle, when they wanted tea instead of
a chafing dish concoction. It is made
of heavy wire, bent at the ends to
rest on the chafing dish frame. A
hardware dealer will make it for a
few cents. The kettle is set down
on the framework, which comes with-
in two inches of the frame.

Recognizing People.

Data have been gathered in Ger-
many with reference to the distance
at which persons may be recognized
by their faces and figures. If one
has good eyes, the Germans claim,
one cannot recognize a person whom
he has seen only once at a greater
distance than 82 feet. If the person
is well known to one, one may recog-
nize him at 300 feet and if it is a
member of one's family, even at 500
feet.—Scientific American.

Not the Other Extremity.

From Canon Beeching comes the fol-
lowing story: "It was the morning
after the banquet, and a solicitous
friend who had set beside Bishop
Stubbs, happening to meet him, asked
if he got home all right. The bishop
looked slightly surprised at the ques-
tion, but at once added, with an ap-
parent gleam of comprehension, 'Oh,
yes, it was only my boots that were
tight.'"

Moscow's Municipal Pawnshops.

In Moscow, Russia, the pawnshop is
a municipal affair. Last year over
half a million articles were pawned,
having a valuation of over \$3,000,000.
It is noticed that in March and April
the poor element of Moscow keeps
the pawnshop busy, and during that
period customarily parts with its
war: overclothing.

No Wedding Presents.

Those who are opposed to the giv-
ing of wedding presents will hail with
approval the step taken by a very
wealthy Chicago society girl. When
her wedding invitations were issued
they contained this sentence: "It is
a special request that no gifts shall
be sent." Probably there are others
who will follow her example.

Porcelain Not of Persia.

True porcelain was never produced
in Persia, but hard paste porcelain in
Persian forms and styles of decora-
tion was made in China for the Per-
sian market. Wine ewers with pow-
der blue glaze and gold overglaze de-
coration, small vases, and bowls with
bronze luster glaze and designs re-
served in white are found in collec-
tions of Persian ware, but these are
unquestionably of Chinese origin.

A Speedy Cure for Constipation, Biliousness, Dyspepsia, Indigestion, Liver Complaints, Tired Feeling, Bad Taste in the Mouth, Bad Complexion, Nervousness and all diseases of the Stomach, Liver and Bowels.

"Bloodline Liver Pills" act gently, yet thoroughly upon the bowels, liver, stomach and digestive organs. The pills, in old and chronic cases of constipation and indigestion, act at once, without griping, nor do they leave any unpleasant after-effects, nor form a constant habit of purging, produced by other cathartic remedies.

"Bloodline Liver Pills" restore the deranged and torpid liver to its normal condition and healthful action. Remove and prevent constipation by securing a natural and regular operation of the bowels, and relieve those unpleasant symptoms which attend a diseased or morbid condition of the liver, stomach and bowels. To assist in attaining this end, the following suggestions are offered.

REMARKS: Everyone who uses pills for their action on the liver, should know that large doses rarely prove as satisfactory as small ones. Large doses simply purge and pass out of the system, usually leaving the bowels constipated, and seldom removing the cause of the trouble, or improve the general health. On the other hand, small doses develop the alternative effect of the medicine, do not irritate or constipate the bowels, but gently stimulate the liver and prevent the accumulation of bile by directing its flow into the proper channels. Therefore it is advisable to commence by taking not over one or two pills at bedtime and increase dose as necessary.

GENTS:—I find your "Bloodline Liver Pills" the most effective pill I ever used. They cause no griping or constipative after effect as most liver pills do.

FOR KILLING PLUM CURCULIO

Jarring Method Can Be Advantageously Practiced—All Ladybugs Should Be Liberated.

"The plum curculio winters in the adult stage, emerging in the spring just as the fruit buds begin to swell," says Prof. J. G. Sanders, head of the economic entomology department of the College of Agriculture of the University of Wisconsin. "Immediately, it begins to feed on the young foliage and fruit buds and should be treated with a strong spray of lead arsenate, as this is the only stage at which an arsenical poison is effective in controlling the pest."

"The curculio is distinguished from the plum gopher in that it never penetrates the fruit stone. The female curculio deposits her eggs in crescent shaped cuts, which she makes on the surface of the fruit. Seven to ten days later, the larvae emerge and about two weeks after this they leave the fruit, crawl into the ground, where they spin a cocoon and pupate. In this stage of the life cycle the insect can be killed by intensive cultivation of the orchard."

"Where labor is cheap the jarring method of control is advantageously practiced," continued Prof. Sanders. "This system involves the use of a canvas, held about waist high under the tree, while the tree is jarred with a padded pole, the curculios falling off upon the canvas where they can be sorted out and destroyed. Any ladybugs which are snared by this method should be liberated, as they are beneficial parasites, which destroy injurious fruit insects."

TO PROTECT AGAINST MICE

Paper Cylinder as Shown in Illustration Will Prove Effective—Should Be Removed in Spring.

Various methods are adopted to protect young trees from being marked by rabbits or mice. Wire screens are expensive, but are also most effective. Wood veneer fastened around is a good protection if it can

Protection Against Mice.

be readily procured. The illustration shows a paper cylinder held tight by a cord. It should be removed in spring.

HORTICULTURAL NOTES

An orchard neglected for one year virtually puts it back three years.

The size of an apple can be influenced to quite a large degree by picking.

Keep the orchard clear of all dead brush, it being a harbor for injurious insects.

The cellar used for storing fruit must be kept cooler than the vegetable cellar.

The ideal time for picking apples is a matter that must be settled to a large degree by the individual.

The coldest weather does not kill the insects. Therefore spraying is the safest method of killing them.

Pears and apples keep better if picked a little green. Some pears rot from the core outward if allowed to ripen on the tree.

The first advantage of fall planting is that it induces the grower to get his nursery stock earlier than if planting in the spring.

Any kind of fruit tree will die when planted in ground that is all the time saturated with water. The tile ditch is a necessity in such places.

Trees set out in the fall do better when the winter is moderate, as the ground is drier and the trees make a greater growth the next season.

If your trees have been affected with leaf blight during the summer, spray them with Bordeaux mixture after the crop has been gathered.

Fall pruning is better than no pruning. If you have some hardy varieties of fruit trees that need pruning, there is no danger in doing it in the fall.

GIRL IN BEATTIE CASE IS NOW ON THE STAGE

Young Woman Who Was Chief Witness for State Is Now an "Actress."

New York.—Beulah Binford, who came to this city after the trial of Henry Clay Beattie, Jr., for the murder of his wife in Virginia, has appeared on the vaudeville bill in a local theater. She played there several days before an announcement that she was

on the bill was made, then a card announced "Beulah Binford and company."

Her sketch, "Grandma," tells the story of a wealthy woman who, after many years, finds her daughter, who had married a poor man and been cast out. But the Binford girl had nothing to do with the emotions of the play. She appeared as a maid and had three lines to speak: "A letter!" "Give the girl a chance" and "Officer, here's your hat."

In her dressing room the girl said she had been living in the Bronx ever since she reached New York and that before she was released in Virginia she signed a contract with a New York manager to appear in vaudeville. She said she is only seeking to make a living, and does not see how the police can keep her from doing something that is not against the law. She still insists Beattie is innocent of the murder of his wife.

BEE STINGS FOR RHEUMATISM

Man Afflicted With Disease Spends His Time Getting Stung to Effect a Cure.

Ansonia, Conn.—William F. Fitzgerald of this city spends two hours a day in the garret of his home on Cottage avenue, inciting a hive of honey bees to sting him, in the hopes of curing rheumatism from which he has suffered for a number of years.

After consulting specialists and being in hospitals he was brought home

Taking the Bee Cure.

four months ago unable to stand up. A friend suggested the bee cure. A hive of bees was put in the attic and Mr. Fitzgerald was carried there every day for two weeks, the greater part of his body being exposed to the heroic treatment. Now he is able to get around on crutches and the treatment, physicians believe, will ultimately cure him.

Even Stole His False Teeth.

Indianapolis, Ind.—Daniel Burns was held up here by two men who robbed him of \$11 and his false teeth. He had placed his false teeth in a vest pocket. The robbers went through his clothes for his coin, and then one ran his nimble fingers into the pocket where the false teeth reposed. "We can use these," said the robber, who proceeded to pocket his teeth.

Suggestive Dances Barred.

Kansas City, Mo.—Dance halls of this city in the future will have to bar the "bunny bug," the "grizzly bear" and the "turkey trot" styles of dancing. The recreation department of the board of public welfare ordered that such dances be eliminated here in the "interest of the morals of the young people of the city."

FREE REMEDY HELPS CHILDREN

Many a mother has learned of a way of avoiding sickness in her family, especially among the children, by the use of a free sample bottle of the famous laxative, Dr. Caldwell's Syrup Pepsin. This offer of the doctor's to send a free sample bottle has been responded to by thousands of women in all parts of America.

Dr. Caldwell's Syrup Pepsin is a truly wonderful laxative and especially adapted to the needs of babies and children because it is pleasant to taste and no child will refuse it. Then, it is mild and never gripes. It is all that a child's remedy should be, though it is a good laxative for the whole family because it is effective at all ages. It is not dynamic like salts, pills and powerful cathartics, which should not be given to children under any circumstances.

Nine times out of ten when a child complains and you don't know exactly what is the matter with it, it needs a laxative—its bowels are constipated. Syrup Pepsin will correct the trouble, tone up the child and soon it will be well again—wonderful results have been secured with Syrup Pepsin over night.

You can buy it of any druggist at fifty cents or a dollar a bottle, the latter being the family size, but you are invited to make a test of it first at the doctor's expense. Send him your address today and he will send you a free sample bottle direct to your home. Then when satisfied buy it of your favorite druggist.

For the free sample address him, Dr. W. B. Caldwell, 402 Caldwell building, Monticello, Ill.

DEATHS.

A telegram received by Mr. Chas. Stephens, of this city, Tuesday morning told of the death of his sister, Mrs. Lou Stephens Clark, which occurred at Pasadena, Cal., Monday afternoon. Mrs. Clark was about eighty years of age and had been in declining health for some time, owing to her advanced age. She was a native of Paris, daughter of the late Joseph Stephens, but had lived in California for a number of years. She is survived by her husband, Mr. William Clark, one son, Mr. Carl Clark, and two daughters, Mrs. Willie Smith, of London, Eng., and Mrs. Louis Muir. Two brothers, Mr. Chas. Stephens, of Paris, and Mr. Joseph Stephens, of Marietta, O., also survive.

Mrs. Anna Lydick Barlow died Tuesday morning at 7:30 o'clock at the family home near Jacksonsville. Mrs. Barlow had been ill since last February with paralysis. She was 76 years of age, and is survived by her husband, Justice J. T. Barlow, and five daughters, all of whom live in Texas. They are Mrs. Ella Winston, Mrs. Lelia Ammerman, Mrs. Mollie Hill, Mrs. Bettie Stamp and Mrs. Frankie Johnson. Mrs. Winston was the only one of the daughters at home when the mother died, she having arrived from Texas Sunday.

Mrs. Barlow is also survived by a brother, Mr. Andrew Lydick, of Cynthiana, and a sister, Mrs. H. C. Funk, of Georgetown.

The funeral took place at the residence yesterday morning at 11 o'clock. The services were conducted by Elder J. T. Sharrard. The pall-bearers were Messrs. Thomas Fesler, J. Will Smith, John Shropshire, Will Cantrill, Eugene Rucker, Allison Barlow, Oscar Carrick and Will Lydick.

THEATRICAL.

"PECK'S BAD BOY."

Every scene in "Peck's Bad Boy," which is the attraction at the Grand on Friday evening, November 17, will be familiar to the many people who will delight in this opportunity of seeing once more a play which has delighted them so many times in the past. The first act is played in the corner grocery store conducted by the old German, Schultz, who is the butt of most of the Bad Boy's good natured pranks. The second act shows a typical hotel office which the Bad Boy turns upside down in less time than it takes to tell and the third act represents a family picnic which would have been orderly, peaceful and quiet had it not been for the lively scion of the house of Peck.

The play is primarily a comedy and has been written only with the intention of making people laugh. It has, however, a tuneful musical setting supplied by the various members of the company, all of whom are clever vaudeville entertainers. Popular prices 25, 35 and 50 cents.

MATRIMONIAL.

A marriage license was issued yesterday to Mr. W. H. H. Donbonan and Mrs. Ora Cook.

Brilliant Chief Sold.

W. E. Stillwell, of Chilesburg, Fayette county, sold the past week to J. W. Williamson, of near Nashville, Tenn., the four year old saddle stallion, Brilliant Chief, for a substantial figure which was not made public. The horse was bred in the strongest of saddle horse lines being a son of the champion Bourbon King and out of Plumie by Sterling Denmark second dam the famous old show mare and producer, Minnie Parvin by McDonald's Halcorn and the dam of Mr. Stillwell's successful stallion, Pat Washington.

MRS. CORNE W. BAIRD.

Season's Record Price for Weanling.

The season's record price for a weanling saddle colt was reached when J. F. Barbee, of Millersburg, sold to an eastern man the bay colt, Jubilee King, son of Bourbon King, dam Ericson Queen, sister to Eric Chief, by Harrison Chief, for \$500. The colt was a winner at the Georgetown fair and is bred to become a champion as his sire was an unusually high class colt and his dam a handsome big mare and sister to the noted stallion Eric Chief. Mr. Barbee is also owner of the filly Rosa King for which an offer of \$800 was refused as a suckling.

Bourbon county is far in the lead of all others when it comes to producing high class saddle colts and this fact was given prominence when the winner of the National Saddle Horse Futurity and three others inside the money were bred in this county. Mildred King the winner is said to be doing nicely and wintering well. An offer of \$500 was recently refused for her. She also won something like \$750 this year in the Futurity and at the fairs, where she was shown which is easily the record amount for a suckling to win in a single season.

Another Bourbon county colt that sold well was the weanling chestnut colt Wah Wah Chief by Red McDonald - Bath Queen by Bourbon Chief, that W. F. Saunders, of Millersburg, sold to an Iowa man for \$300. The colt won tenth money in the Futurity.

Making Use of Street Rubbish.

At Southwark, London, and at St. Ouen, France, street rubbish is transformed into a marketable product. At Southwark all the refuse is crushed to a powder, which is sold as a manure. At St. Ouen the powder thus made, with the addition of combustible substances, is formed into a cheap fuel.
